

VASIL KISIL & PARTNERS

ATTORNEYS & COUNSELLORS AT LAW

TRANSPORTATION

Clients in the transportation industry need expert insider advice across the sector. We have a market reputation as one of the top Ukrainian transportation practices. Many local and international clients involved in transportation, aviation and maritime choose us for high-value, complex work and successful handling even the most complicated legal issues within the appropriate timeframe.

Our Transportation Industry team provides comprehensive legal support and complex legal advice that covers regulatory, transactional and litigation needs.

We strive to keep abreast of the latest industry trends, market dynamics and competitive factors that affect the transportation business in Ukraine and worldwide.

Our services

Automotive

Vasil Kisil & Partners represents large automakers, their suppliers and distributors, as well as financial institutions that work in this industrial sector in the areas of contracts, distribution, equipment leasing, licensing, regulatory requirements, financing, mergers and acquisitions, environmental requirements, dispute resolution etc.

Aviation

Our aviation associates at Transportation Industry team are dedicated to providing our clients with sound advice and representing them in the complex matters of domestic and international aviation law in both regulatory, commercial and dispute resolution matters including aircraft acquisition, financing, use, insurance and sale, aviation contracts, export control, aviation liability and accident/incident litigation as well as commercial aviation-related dispute resolution.

Maritime & shipbuilding

Our attorneys are actively involved in servicing the industry of carriage of goods by sea and have a broad range of experience in assisting marine trade clients with shipbuilding and repair matters, ship purchases and vessel mortgages, marine finance transactions and marine insurance, vessel arrests, and other maritime-related matters. We also represent our clients in complex dispute resolution matters arising such as vessel construction or delivery, cargo, collision and environmental pollution, sea rescue-related claims etc.

Transportation & Logistics

Our Transportation Industry associates provide comprehensive legal support to transportation and logistics industry clients and are ready to handle all legal issues arising in transportation and logistics sectors to name but a few regulatory, transportation and freight forwarders agreements, customs broker agreements, leasing agreements etc.
